

Watermark Watershed Bingo Challenge

This June, let's educate ourselves and others, and take action to preserve our precious water resources!

Ready to take on the challenge? Simply grab a trash bag, a shovel, or even your phone, and dive into the 2024 Xylem Watermark Watershed Bingo Challenge in collaboration with the Stroud Water Research Center. Click on any square to find out more!

Complete three squares in a row, submit your results, and Xylem will donate \$10 to the Stroud Center. Are you able to complete the whole board? If so, you'll activate a \$100 donation.

To submit your results, scan the QR code or [click here](#) to upload a picture of your completed BINGO card by July 31st.

For questions contact xylemwatermark@xylem.com.

Environment	Workplace	Community
Fill a full trash bag with collected litter from plogging	Explore the Stroud Center's resources and support their work	Spread the word! Teach someone new about plogging
Remove invasive species in your area	Free Space	Conduct a water audit and make a change to conserve your water use
Plant native species in your area	Join the Protect Your Watershed webinar with Stroud Center	Take the Flushing Challenge to your local school or youth group
